

# QATAR AIRWAYS GROUP ENVIRONMENTAL SUSTAINABILITY POLICY

At Qatar Airways Group, we are committed to our responsibility to protect the natural environment. Recognising the role that our Group plays in global economic and social development, this policy is set within the context of environmental sustainability in the global aviation industry and the State of Qatar. As we continue to mitigate the effects of the recent pandemic, we remain steadfast in our ambition to demonstrate environmental leadership.

## We are committed to:

Working in collaboration with the industry in leading global efforts to reduce CO<sub>2</sub> emissions to tackle **climate change**

Meeting and exceeding industry best practice for **Noise and Air Quality**

**Preventing pollution** and meeting compliance obligations and other requirements which Qatar Airways Group subscribes to

Continually improving our environmental performance, through **Environmental Management Systems**

Maintaining a **Zero tolerance** policy towards the transportation of **Illegal Wildlife and their products**

## We will continue our efforts to:

- Use energy, water and other natural resources responsibly and efficiently
- Minimise waste generated from our operations
- Raise awareness and promote training of employees & stakeholders on our Environmental Policy
- Integrate environmental sustainability requirements into our business planning and strategies
- Monitor & enhance our procedures and protocols to support conservation and biodiversity

We will publicly communicate our progress towards our objectives to demonstrate our leadership and commitment with environmental protection, and to continue building trust and transparency.
